 [/johnnsonkp](#)

A highly motivated front-end developer and bootcamp graduate with a passion for responsive web design and development, seeking the successful application of my web development knowledge and current industry experience towards a front-end developer role.

Education

Coder Academy – Diploma in Information Technology

September 2020 – June 2021

Full-stack web development bootcamp

Experience

Frontend Developer at Megaphone Marketing – Richmond, Melbourne Vic

April 2021 – Present

HTML | CSS | Javascript | Shopify | Wordpress | Liquid | jquery | PHP

- Exceptional problem-solving when roadblocks present themselves, also understanding when to ask for assistance
- Effective multitasking when managing multiple sprints, ensuring projects are completed before their deadlines
- Positively shaping users experiences through effective UI/UX design and development
- Actively participating in daily stand-ups, sharing ideas, identifying and resolving potential roadblocks
- Collaborating with account managers and designers, ensuring project's scope, design and deadlines are feasible
